CFL: CERTIFICATE IN FRENCH LANGUAGE

Description: The Certificate in French Language Programme aims to introduce the French language to beginners and gradually build up skills in reading, writing, listening and speaking, simultaneously developing intercultural competence. The Programme is developed around the textbook *Connexions*, *Methode de francais* and based on the CEFR (Common European Framework of Reference for Language) used for international standardization of pedagogy of European languages around the world. The book is being supplemented with additional self study materials developed by IGNOU in the form of user manuals with study guide, exercises on grammar plus CDs for developing spoken language skills and pronunciation. The significant feature of the Programme is that materials have been prepared both in English-French and Hindi-French to be accessible to a large number of learners. This makes them have choice of opting for either of the two media, as per their linguistic background. The Programme is of 12 Credits, each credit amounting to 30 hrs. of total study time.

CSWM : CERTIFICATE IN SOLID WASTE MANAGEMENT

Description: Issues related to waste management are many and so interlinked that a holistic, scientific and well-planned environmental management strategy is the need of the hour. Waste management today involves not only the collection and transportation of waste; But also treatment, disposal and recycling. Thus developing a well-informed and trained workforce is of fundamental importance to deal with these issues. Furthermore, as an emerging economy, India is at its peak of development and consumerism. In view of this, waste generation is expected to increase manifold. There is a strong need of experts in this field, who can manage the waste generated from development projects of industries, mining, housing, urban areas etc. Therefore, given the current scenario and future needs, Indira Gandhi National Open University offers certificate programs in waste management. This program provides an overview of the state of solid waste management covering key elements of the waste management system such as environmental, social, financial and institutional aspects. Learners will be able to understand the challenges of waste management and learn about appropriate and sustainable solutions including appropriate waste management policy issues.

Programme Objectives:

- To sensitize the learners about the problem of waste generation and its impact on environment and human health.
